Dear Friends of the Preborn,

The blood of the innocent preborn cries out from the ground.

We are nearing the 49th anniversary of the infamous Roe v Wade opinion. And sadly, still no interposition by the lesser civil authorities. The same old continued status quo of the pro-life political groups to run yet another bill to challenge Roe, rather than press the lesser authorities to do their duty and interpose and end the slaughter now. Grievous.

Thankfully, however, the thinking of abolition/interposition continues to grow. Your support helps us to continue to spread the teaching everywhere.

On November 30th, the church I pastor hosted a needed event that once again – among other things - furthered the thinking of interposition by the lesser civil authorities. We conducted the **County Before Country Express Talks** here in Milwaukee. Over 500 people attended! Many young people were there.

The gathering received rave reviews. The presence of Christ was mighty in the place.

We will be releasing these Talks during the month of January – the first on January 10th. **The Talks are 15-17 minute Talks on six needed topics.** 1. The Authority of a County; 2. The Duty of Elders in the Face of a Tyrant Government; 3. Building Christian Medical Structures; 4. The Fragile Food Supply and Food for Life; 5. Confronting and Defunding Government Schools; 6. and Freedom, Bravery, & Firearms: Lexington and Lessons for Today's.

Go to **CountyBeforeCountry.org** to learn more and listen to the Talks.

Finally, we received a letter that touched my heart. It read:

Dear Matt,

My kids ran a lemonade stand recently in support of your work. We are praying for God's continued blessing on your work.

Sincerely,

Paul [from Chetek, Wisconsin]

The children gave all to us on behalf of the preborn. They said many gave far more than what a cup of lemonade is worth to aid the preborn. Encouraging. Heartening.

The missionaries continue out at the deathcamps. Please remember the efforts of ALL those who gather outside these places of death in prayer. It can be a hard ministry at times. Pray for the Lord's favor, wisdom, and strength.

May the Lamb that was slain receive the reward of His suffering!

Monthly Tour Stop in December

On Saturday, December 18th, **about 60 people** gathered at the massively busy intersection of S. 76th St. & W. Layton Ave. in Greenfield, Wisconsin to speak up for the preborn. Traffic was packed out! Lots of literature out! May Christ be praised!
Thank you for all the prayers! Check out the pics below!

Part 3 of Christian Resistance: BUILDING (in the midst of judgment)

By Pastor Matt Trehella

Many people have the idea that when God's judgment is completed in a nation, *then* we can begin to build. The truth is, however, that God is already building *while* His just judgment is taking place in a nation.

This is something the Lord has taught me over the years, namely, that when there is a problem, a conflict, or a bad situation – as awful as it all is – opportunity to build is being presented to us also. The Lord tears down – and He builds up.

When I was younger I would only see the negative and be bummed. I learned over the years, however, to understand that conflict builds character – and at times it builds other things also.

When we look at what is happening in America today it should grieve us greatly and cause us to weep. But we must also see the opportunity to build. The just judgment of God is doing its needed work – He is building something in the midst of the judgment.

For instance, while the Lord is judging His people during this time, a tougher form of Christianity is being birthed. A more biblical form of Christianity is replacing the form of American Christianity which He is judging.

The Lord is also building while the evil of the medical industry in this nation is being exposed and judged. People are losing their jobs in the medical field because they are resolutely – and rightly – refusing to get the covid shot. Also, many people are now scared to go to a hospital or see their doctor as hospitals have become deathcamps.

And the Christians are rallying to bring the two groups together – both the doctors and nurses who have left or been kicked out of the medical industry, and the people who rightly want nothing to do with it.

Seven people in our congregation who are involved in the medical field are now meeting to build Christian medical structures – to come along those that already exist, and to build from scratch. Our church is working with them to accomplish this needed task. And what is happening here is happening in places across the nation.

People are being forced to coalesce and work to build new structures. We see what the Scriptures teach – that what the tyrants mean for evil, the Lord will use for good.

Do not misunderstand – I do not mean to minimize the judgment of God. One need only read Lamentations to see the just and terrible judgment of God upon a land. Jeremiah preached and called men to repentance for nearly 50 years before it came. And even he

was stunned by the severity of the judgment once it arrived. He records his thoughts in Lamentations.

Understand also – though Jeremiah bewailed what he saw - he knew God's judgment to be just, as is God's judgment just upon America in our day.

And far more judgment will come upon America as there has been too little repentance so far. There has been no run on sackcloth and ashes down at the Ace Hardware. Men still love their wealth and ease. Many are still trusting their government and the Republicans to protect them.

They are utterly deceived.

Do you actually think your government officials are going to protect you? That the Republicans who love lip-service will do right and establish justice and turn back evil?

Think of it - most Americans think a government that has created the statist hell we live in; that murders the preborn; that perverts men with the filth of homosex - actually has their best interests at heart. Most Americans will believe their government still has their best interests at heart when the doors on the boxcars slam shut.

And so, by either the carrot or coercion, they roll up their sleeve and get the shot.

Why the churchmen think the government has their best interests at heart is because they have never confronted evil or tyrants. They have lived in their festooned cocoons and ivory towers for so long they are unseasoned in fighting and lack discernment.

The churchmen have actually aided the tyrants in their evil by teaching Christian men and women to blithely comply with their tyranny. Their judgment is just. All my life I have watched Americans abuse their freedom and flaunt their rebellion against Christ. And look what it has led to – their enslavement.

And how just is God's judgment? For nearly 50 years Americans and American Christians have sat by while the helpless preborn are murdered – while their bodies are attacked – and now the Lord is using the tyrants to attack our bodies. We didn't defend their bodies – so now our bodies are being assaulted by the state.

And yet, in the midst of it all – let us build. **Christus Vincit!** Revelation 2:5
