Dear Friends of the Preborn,

We continue to see fruit from our efforts out on the streets. Both at the deathcamps themselves, and at the busy intersections where we set up our displays for the preborn.

Last week we received this report from a passerby outside the deathcamp in Milwaukee. She pulled over and stopped to talk with those who were gathered outside speaking up for the preborn. Her name was Natalie. She stated:

"I'm sure you get a lot of flack for doing your protest, but I have to tell you something. In 2009, my daughter got pregnant and wanted to go get an abortion. She told her daughter that, 'you can't do that. You were raised in the Church. You know that abortion is wrong!' I did everything I could to talk her out of having the abortion, but she seemed like she was dead set for it. Then one day before her abortion appointment, there was this big abortion protest in town. They had all the pictures of aborted babies on their signs. My daughter saw that and she knew instantly that she could no longer go through with it. The signs spoke to her, and now I have a wonderful 13 year old grandson because 'you guys' were out there on the streets protesting abortion in public. Thank you for doing what you do. Keep up the good work."

Her daughter saw us in Fond du lac while we were conducting one of our tours for the preborn way back then. Sometimes we see fruit from our efforts immediately while we are out there. Sometimes, however, we do not hear of the fruit until long afterwards. We are thankful to Christ to hear these kinds of reports.

Below is the date and place of our next monthly tour stop. Thank you for your continued support. May Christ be praised!

Defy Tyrants Tour: 10 days in Michigan

Pastor Matt spent 10 days in Michigan traveling to various parts of the state to speak on the doctrine of the lesser magistrates 10 times. His wife Clara and daughter Margaret helped him all along the way. People were on fire learning of the doctrine! Here are some of the pictures.

He spoke up for the preborn and attacked judicial supremacy at every stop.

If you would like Pastor Matt to speak in your area, just contact him.

Rebecca Kleefisch and Lip Service to the Preborn

By Pastor Matt Trehella

Wisconsin Right to Life (WRTL) has announced their endorsement of Rebecca Kleefisch for Wisconsin Governor. This is not surprising as WRTL has a long history of picking the politicians who love to pay lip service to the preborn, but won't actually do anything substantive for them (all while ignoring the candidate who actually will protect them).

Kleefisch's do-nothing track record fits right in with WRTL's low standards. Kleefisch likes to tout her and Scott Walker's "pro-life record" while she was Lt. Governor. But let us look at what that eight years actually looks like.

- In 2011, Scott Walker removed half of Wisconsin's anti-abortion statute 940.04 - and yet not a word of opposition from Rebecca Kleefisch.
- Planned Parenthood received over 100 million in tax dollars from Wisconsin during the eight years Kleefisch was Lt. Governor with Scott Walker.
- Planned Parenthood built a brand new 8 million dollar abortuary in downtown Milwaukee in 2017 during Kleefisch and Walker's tenure. Millions in tax dollars went to this deathcamp.
- Her husband, Joel Kleefisch, chaired the committee that killed the 2013-2014 'Baby Body Parts' bill - and yet not a word of opposition from Rebecca Kleefisch.
- There were 56,263 preborn babies murdered while she was Lt. Governor.

So the endorsement from WRTL is no surprise. Rebecca fits right into their nefarious legacy of endorsing candidates who pay mere lip service to the preborn, but whose actions speak something far different.

WRTL has endorsed Robin Vos for example. You know, Robin Vos who primaryed Senator Andre Jacque for being *too pro-life* in his efforts for the preborn.

Robin Vos who - while the Republicans had the governorship under Walker and Kleefisch - only allowed one worthless, do-nothing 'Pro-Life' bill per session to be placed on Walker's desk for signing. This strategy gives the appearance the GOP is doing something for the preborn, while they are really doing nothing except duping unsuspecting pro-lifers to get out their checkbooks.

Vos - who along with Assembly Majority Leader Jim Steineke, and former Senate Majority Leader Scott Fitzgerald - employed a sneaky strategy where they referred pro-life bills to committees chaired by pro-abortion Republicans who are committed to killing pro-life legislation.

Kleefisch is a part of the Good-Old-Boy Club with Robin Vos and the rest. Hence the endorsement by WRTL. Don't be fooled by her lip service to the preborn. Having WRTL's endorsement is basically the GOP's meal ticket to getting elected because there are a vast number of principled single-issue voters in our state who oppose the murder of the preborn.

Sadly, lip service perpetuates the slaughter of the preborn and Wisconsin's multi-million dollar 'Pro-Life' industry. Planned Parenthood is not the only organization profiting off the bloody backs of the murdered preborn. WRTL acts as a shill for the GOP establishment. In 2018, Walker declared a *Wisconsin Right to Life Day*. Both WRTL and the GOP establishment benefit each other. They have created a cozy arrangement.

The truth is the Republicans have shown over the last nearly 50 years now that they love to propose doing things for the preborn - *as long as the bills they propose don't actually protect their lives*. They like to use the helpless preborn as political footballs for their own political purposes. And WRTL gives them cover so they appear to be against abortion.

The only one who doesn't benefit from this cozy arrangement are the preborn themselves.

Thankfully, many who oppose the slaughter of the preborn are starting to wake up to the GOP-WRTL charade and are shutting their wallets and demanding accountability. The lip service and feigned fights by governors and legislators needs to end. We must not tolerate it. The preborn are counting on our efforts.
