Dear Friends of the Preborn,

Both the Democrats AND the Republicans want to restart the murder of the preborn here in Wisconsin. Understand, ALL the murder has been stopped in Wisconsin since the Dobb's ruling at the end of June. Wisconsin may be the safest place for the preborn in the entire nation – as there are NO exceptions to their murder.

Of course Tony Evers and the Democrats want to murder the preborn – but now even the Republicans want to restart their murder here in Wisconsin!

Republican candidate for governor - Tim Michels - has come out in support of murdering the preborn for the cases of rape and incest. So understand - *if you vote for Michels you are voting for someone who intends on murdering people.*

Again - there are NO preborn babies being murdered in Wisconsin right now. So if you vote for Michels - you are voting for the murder of those conceived in rape or incest, not to mention that excuse will be used to murder others also.

In the past when abortion was considered “legal”, Christians justified voting for the lesser of two evils - voting for the person who wanted to murder less than the other person - on the basis that fewer will be murdered than are being murdered. Currently *NO ONE is being murdered* - so you will be voting *FOR* people to be murdered, if you vote for Michels. You will be voting for people to be murdered.

As Christians, we cannot in good conscience vote for any magistrate who wants to shed innocent blood. The duty of every Christian in Wisconsin is to call Michels to repentance (just as we have the duty with Evers). Unfortunately, most Christians are already saying they are fine voting for Michels even though he supports murder.

First Walker removed half of our 1849 statute protecting the preborn removing all penalties for women who murder their sons and daughters, and now Michels wants to remove much of the rest. You don't even need Democrats to murder the preborn in Wisconsin. The Republicans are glad to do it - and this is being seen around the nation.

We should vote for no one for governor. How can we vote for either? ***Christians do not vote for innocent blood to be shed.*** And both candidates have made clear they intend to do so. Neither is worthy of our vote. Repentance for all the innocent blood already shed is what is needed - NOT voting for more innocent blood to be shed. Remember - you are a Christian; you represent Christ and His rule in the earth.

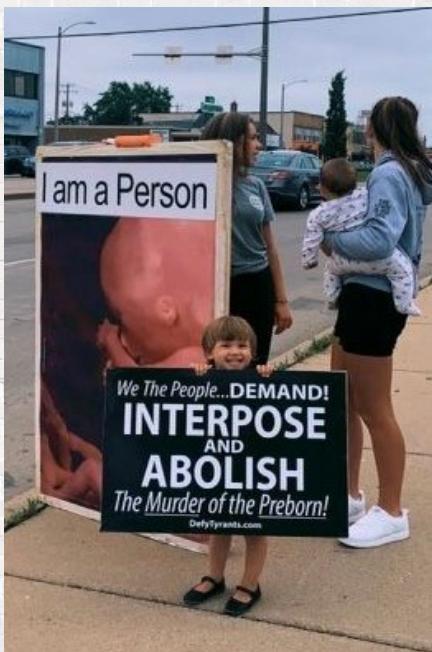

Every Christian needs to contact Michels and tell him NO to murder! Call him to repentance and to do what is right in the sight of Christ. <https://michelsforgovernor.com/contact/>

May we do right by Christ.

Pastor Matt Trewella

In July, August, and September nearly a 100 people came out each month to speak up for the preborn here in Southeast Wisconsin.

We continue to speak up for the preborn out on the streets of Wisconsin because there are many wicked men speaking to restart their murder.

STREET DEMONSTRATIONS FOR THE PREBORN

Saturday, October 15th - Hwy 100 & Burleigh St.

Saturday, November 19th - Hwy 100 & North Ave.
11:30 am. – 1:00 pm.

Vandalism Takes Place at Gathering Where Pastor Matt Spoke.

Pastor Matt spoke in Pittsburgh, Pennsylvania at the Love and Justice Conference which was held September 15th-17th. While there, about 120 of the group went out to the deathcamp to speak up for the preborn, including Pastor Matt. About 80 pro-aborts and anarchists also gathered there. Some of them targeted the vehicles of the abolitionists and pro-lifers. They knifed the tires and spray-painted six of the cars and vans.

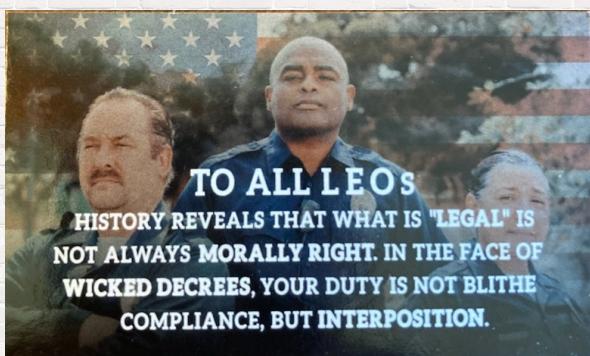

Also while there, Pastor Matt did get to talk with a number of the police officers about the doctrine of the lesser magistrates. He gave them the new dropcard to LEOs from DefyTyrants.com [see back of this page!]. One officer was very interested and was going to buy the book online right there, but Pastor Matt told him he would be honored to give him one – and he did. Ran to my car and returned to give it to him. May Christ be praised!

New Dropcard from Defy Tyrants

Given where we are with the lawlessness of this nation – particularly lawlessness among government officials – we want to get the doctrine into the hands of all law enforcement officers (LEOs). They need to understand their duty regarding their office – and its limits – as revealed by the law and Word of God. They must understand their duty in the sight of Christ and not act as mere robots or thugs for the state.

Hence, we have created this new dropcard to bring them the doctrine of the lesser magistrates.

THE LESSER MAGISTRATE DOCTRINE

When the higher ranking civil authority makes unjust or immoral law, policy, or court opinion - the lower or lesser ranking civil authorities have the God-given right and duty to interpose and refuse to obey the superior authority, and if necessary, openly resist the higher civil authority.

DEFY TYRANTS.COM

We have done much in the past in writing and speaking to LEO's, but now we have this simple card to hand them (or others) and leave places. Keep them with you – and give it to LEOs wherever you encounter them. Instructive if you just leave it with them or a great conversation starter. Give it to ALL LEOs – whether police, sheriffs, deputies, FBI etc... Also give them to people and leave in various places.

If you make a donation of ten dollars or more to Missionaries to the Preborn, we will send you 100 of these cards. Just note that you would like the new dropcards.

Where Are the Men? A Tumult & A Study (Acts 17:1-15)

A sermon preached by Pastor Matt in February 2020. This is classic Christianity in action. True Christianity confronts the false religions and paganism of the cultures. True Christianity confronts and comes into conflict with the idols of cultures. And that is what is happening here.

Go to [SermonAudio.com](#); click on the “Speaker” button; type in “Trewella”; and it will take you to the sermon.
