Dear Friends of the Preborn,

Today would have been the 50<sup>th</sup> anniversary of Roe. And though Roe was ended last June, the 50-year tolerance of that great evil continues to impact our nation. The Dobbs opinion did not protect them nor declare their humanity. From what we can tell the slaughter of the preborn continues unabated in over 35 states.

And the states that have taken action to address abortion have mostly been pitifully weak. Even the great red citadel, Florida, only outlawed their slaughter after 15 weeks. You do understand that 97% of abortions are done prior to that. The great Republican stronghold of DeSantis has protected almost none of these little ones.

Here in Wisconsin, the deathcamps are shut down, but women can still murder their children via chemicals due to the treachery of Governor Scott Walker and Wisconsin Right to Life. Plus, Democrat Tony Evers is proposing a voter-referendum on abortion to be on the ballot in every county for the Spring election. I have little confidence in Wisconsinites to vote against the slaughter of these little ones, and very little confidence in the integrity of our voter system in Wisconsin.

At the same time, Robin Vos and the Republican establishment are pressing Republican legislators to restart the murder of the preborn via rape and incest exceptions and plan to introduce legislation to do so.

People voting and making laws to murder other people.

We must stand against it all. We must make known the law of God to men – “You shall not murder.” We must stand in fealty to Christ and neighbor – and not embrace the machinations of lawless politicians and political parties.

Because of the dire, evil schemes being proposed by men from both parties to murder the preborn we have called a **RED ALERT**. And to do that in part we need to bolster our email list. We will need to be vigilant.

Red Alert means **TAKE ACTION**. If you are not on our email list – please send us your email so we can keep you informed of public hearings, and call you to actions regarding and on behalf of the preborn. The Spring election for a new Wisconsin Supreme Court justice is also of massive importance as the wicked hope to seat a pro-abortion justice.

Thank you to all of you who blessed Violet Braun through your giving last month. You were such a help to her, and encouraged her heart with your notes, stories, and kind words. May Christ be praised!

# The Doctrine Continues to Grow

Pastor Matt's book continues to sell; he continues to do interviews regularly; people are talking about the doctrine on broadcasts and podcasts everywhere; and he travels for speaking engagements every month.

In December, he spoke for three days in a row in Tennessee at Bill of Rights observances.

Here is the link to a 24-minute proclamation he gave on December 14<sup>th</sup> in Dayton, Tennessee for the 231<sup>st</sup> anniversary of the Bill of Rights.

## Rally for Life at the Capitol in Madison

On January 3<sup>rd</sup>, 2023, about 150 people gathered at the capitol in Madison, Wisconsin to speak up for the preborn and for those who have been murdered in hospitals by the covid death protocols. Antifa showed up to protest us and one was arrested. Pastor Matt spoke.

# WHERE ARE THE MEN?

As our government has become more lawless, a popular question today is – where are the men? People are saying this because most of those showing up at public hearings to confront tyranny are women – so the question – where are the men?

First, understand that men have been under attack in this nation by design for the last 50 years. A brief perusal of our nation's laws, policies and court opinions demonstrates how true that is. Entertainment and news media reveal how true that is. We live in a matriarchal hell. And worse yet – the vast majority of churchmen have joined the state and the men-haters by effeminizing men via their niminy-piminy pulpits. Most churchmen are viewed as how spiritual they are by how soft and lady-like they are.

Yet – the question remains legitimate. *Where are the men?* And more pointedly where are the men who fear God and have love and fealty to Christ? The men who cannot live in peaceful coexistence with the idols and evils and tyrants who trample the law and Word of God? Where are they?

The Book of Acts reveals a Christianity wholly opposite of the current form of Christianity. In Acts 17 for example – there is a conflict between the people of Thessalonica and the Christians.

The Jews and the evil men gathered there against Paul and Silas and the Christians, accuse the Christians to the civil authorities stating “These who have turned the world upside down have come here too – and these are all acting contrary to the decrees of Caesar, saying there is another King – Jesus.”

This is classic Christianity in action. True Christianity confronts the false religions and paganism of the cultures – whether it's with the Jews and evil men here or the followers of Diana in chapter 19 – or the streets of post Christian America in our day. True Christianity comes into conflict with the religion and idols of cultures. True Christianity confronts the idols and evils and tyrants of nations.

“These who have turned the world upside down!” This means ‘those who are declaring something contrary to what we have known!’ To them this was an attack upon their filthy way of life; a possible end to their status quo. ‘They have turned the world upside down! They are acting contrary to Caesar's decrees!’ They are declaring another King's rule! And this brings a conflict.

And we have to ask – where are these kind of men in our day?

The world is screaming for these kind of men. Men who love God. Who have fealty to Christ. Men who will speak and act!

But most churchmen and Christian men in our day want nothing to do with conflict. They do not want to *confront* the idols and evil and tyrants of their day. They teach that we should *conform* to the evil edicts of Caesar; that there should never be a conflict and if there is - those Christians causing it are BAD Christians; that we are always to obey the State; that conflict is bad; confrontation should be avoided; accommodation and appeasement should be sought.

The effeminate who fill America's pulpits in our days – sit in their pious rot swallowing camels and straining at gnats. And it is grievous to the hearts of men.

And so I ask again – where are the men?

Where are these men? Brethren – *we* must be those men. We must be those men in our day.

We must shake ourselves free brothers from American Christianity – it is nothing more than a cheap whore which will sell itself for a morsel. Consumed with its narcissism. And its consumerism. And its pedestalism.

Brethren - we must be those kind of men. We need a move of the Holy Spirit in our lives brothers.

Let us speak. Let us act. Let us confront. Let us not flee from the conflict – but let our hearts burn within us and run to the fray when we see His law and Word being impugned by men and by the governments of men. Let us be those men.

May Christ be praised.
