AUGUST 7TH, 2025

Dear Friends of the Preborn,

Two terrible things happened in Wisconsin in June and July.

First – on June 10 th a new deathcamp was opened in Milwaukee. About 50 people came out on opening day to speak up for their preborn neighbors. So many faithful people came out. No police ever showed up. About a dozen deathscorts were there. The media did interviews. Preaching and Christian music went forth. Abortion was condemned. Men were pointed to Christ.

The abortuary is located on the north side of Milwaukee at 756 N. 35 th St.

Second – on July 2 nd another dark day in Wisconsin for the preborn unfolded. More judicial tyranny. Our state Supreme Court ruled that our anti-abortion state statute 940.04 is superseded by subsequent laws (made by pro-lifers) that allowed abortion. (I debated Wisconsin Right to Life on this 30 years ago - trying to convince them that the laws they were writing would be used to shoot down 940.04 when Roe is toppled - and here we are). And of course all the other branches of government are complying.

My daughter Isabel happened to be out at Planned Parenthood in Milwaukee on that day with her six children (one in the womb) ministering - and she did an interview with WISN-ABC and Fox News. [see pics below]

Please take time to read my thoughts on this matter in the enclosed article titled The Preborn in Wisconsin in 2025: Love Your Neighbor as Yourself.

We continue to minister out at the deathcamps every week. See also on the back of this page the upcoming Campus Tour. Thank you so much for your continued support!

May Christ be praised!
