JUNE 3RD, 2026

Dear Friends of the Preborn,

We continue to take action on behalf of the preborn out on the streets, at the universities, and outside the deathcamps themselves. Your support of our efforts helps us greatly! Everywhere we go with the photographs and literature – there is no small stir!

Though so many in our society are ice cold towards the preborn – and so many in Christianity are indifferent to the preborn – our public demonstrations remind them of these little ones and reveal the brutality of their murder. Our position is that: If the murder of the preborn is accepted public policy – and it is – then their suffering should be publicly displayed.

Our photographs stand as a haunting indictment upon Wisconsin and our nation.

We often have Christians confront us about how they are *offended* by our photographs. We inform them that we have never been able to find a pretty picture of their murder.

We also remind them of the story of the man in the Book of Judges whose concubine was sexually abused by a pack of sodomites. He took her body; cut it into 12 parts; and sent them to the 12 tribes of Israel. The response was not whining how offended they were for him showing them her remains – rather 400,000 men at arms rallied and said “No such deed has been done or seen from the day that the children of Israel came up from the land of Egypt until this day. Consider it, confer, and speak up!”

From all of us here at Missionaries to the Preborn, we want to give a heartfelt “thank you” for your prayers and support. May we soon see this bloodshed driven back to hell where it came from.

May the Lamb that was slain receive the reward of His suffering!

Pastor Matt Trehella
