NOVEMBER 25TH, 2025

Dear Friends of the Preborn,

Our mission – Missionaries to the Preborn – has completed 35 years of ministry now.

We had longed hope that this bloodshed would have been turned back in our nation decades ago – yet the slaughter continues.

We need to understand that the cruelty committed against the preborn continues first and foremost because of the indifference of Christians and the American Church. The idea that the churchmen (pastors) are too busy ministering to the people in their churches to speak and act against the evil of abortion is ludicrous. How can a man who claims to speak the Word of the Lord not address the evils of our nation? It grieves me when I hear people try to justify the silence of the churchmen.

One thing we have learned in 35 years of ministry for the preborn is that the number one opponent of our efforts are the Christian churchmen and Christian people. And be assured, the Lord is going to judge American Christianity which has long played the harlot. Our hands are covered in blood.

The number two group as to why this slaughter continues is the pro-life groups themselves. Yes, those who actually claim to act on their behalf. You cannot help but notice that massive amounts of money have been taken in by so many organizations and individuals – yet the nation continues to grow fonder of baby-murder every year.

Those who head up pro-life organizations live large while they bilk donors of their money by tugging at their heartstrings. They claim to be for the preborn while they embrace the next compromise that prolongs the bloodshed. And the compromise has bled into the area of homosex [see enclosed article].

Missionaries to the Preborn is a Christian mission. Our fealty is to Christ first. His Word is clear on this matter. We will not embrace compromise. We call to account all government officials that accommodate the bloodshed. We also go out to the nation – and expose the cruel evil of abortion to the people and point them to Christ.

Enclosed is a card that reveals the humanity of the preborn child – and at the same time points men to Christ. This is a great card to give to people and leave places during this time of year. You can get a pack of 100 from us for only \$10.00. Just note that you would like the Incarnation Cards.

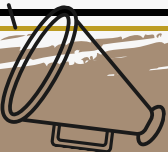

We pray you have a blessed Thanksgiving and Christmas with family and friends!

We must live as Christian men and women faithful to Christ.

May the Lamb that was slain receive the reward of His suffering!
