

THE INDIFFERENCE OF MAN AND THE DESTRUCTION OF SOCIETY

BY: PASTOR MATT TREWHELLA

A bad behavior which has been made into a virtue in America is indifference. Indifference has been given a sacerdotal position in America. The priests of indifference have been busy preaching this mindset to Americans for decades now. And the chickens have come home to roost.

The Webster's 1828 dictionary defines "indifference" as:

*neutrality of mind between different persons or things;
Unconcernedness; a state of the mind when it feels no
interest in what is presented to it; indifferent.*

Notice the definition for "indifference" points us to the word "indifferent."

The Webster's 1828 dictionary defines "indifferent" as:

*Neutral; not inclined to one side, party or thing more
than to another. Unconcerned; feeling no interest,
anxiety or care respecting anything
. Neutral as to good or evil.*

**In observing American society, I have noticed that
Americans love being indifferent to evil.**

Yet I have also noticed they don't want to be bothered by the evil either. Americans want it both ways. They don't want to be bothered with confronting the evil, and yet, they don't want to be bothered by the evil itself. **They prefer indifference.**

Understand, if you do not confront evil when it is in the land – the consequences of the evil increase within society. The destruction of society grows.

It's like when people say "I am ok with people living their own lives as gay, but it has been taken too far when genital mutilation of children takes place."

Not realizing, the only reason we are at genital mutilation of children is because we as a society have spit upon the law of God and have accepted the perversion of homosex. There would be no genital mutilation if the evil of homosex had been confronted when it was promoted.

The indifference of man was first brought to my attention when I became involved in efforts on behalf of the preborn. Americans – including most all American Christians, drive by and walk by overwhelmingly completely indifferent to the brutal injustice the preborn are suffering under.

Covid showed me how deep the indifference really is. I realized Americans are even indifferent to evil and injustice being done to their own persons. Blithely going along with mask wearing; six feet apart; testing; and injecting an experimental drug into their body.

Indifference is not a virtue.

Some try to camouflage their indifference to evil by do-gooderism. Handing out bottles of water or fixing up someone's house. But this does not cure the land of its evil.

**Evil must be confronted. Idols must be confronted.
Tyrants must be confronted.**

We must not be indifferent. The prophets in Scripture were not indifferent. They confronted the evil, and idols, and tyrants of their day. They confronted civil government tyrants; ecclesiastical tyrants; and business tyrants.

They denounced and confronted child sacrifice, theft, murder, avarice, vice, hypocrisy, pride, idolatry - all sorts of evil.

Christianity teaches us to be other-centered – to not be indifferent. Christianity, true Christianity, brings us into conflict with the evils, idols and tyrants of the land. True Christianity shows us how to build society; how to structure our homes; how to value our work; and how to raise our sons and daughters.

Back in the late 70's when the filth of Sodom raised its ugly head in America – one of the few voices that did not sit in silence and indifference was Anita Bryant.

She was attacked by the homosexuals and the media alike because she took a stand and spoke up. Most stood by and watched them savage her and destroy her career.

When you confront the evil – you must be willing to allow your reputation to be impugned by wicked men;

You must be willing to give up your personal peace and affluence. But understand – ***your voice is needed.*** And you speak for Him. If you do not speak, you are not faithful to Christ, and the destruction of society will grow.

While Christians are busy priding themselves on not getting involved in politics, they fail to understand the huge impact that public policy has upon people, including their own families.

Christianity- God's law and Word- offers proper governance for both civil government and family government. Christians need to write of (and live out) practical application of His law and Word to both the magistrates and to families.

America is now run by thugs.

The Christian Church – most all Christians – have abandoned the domain of civil government (in fact, they're busy feeling all "spiritual" for their indifference towards it). The result has been wicked men have filled the void. Their worldview is seen through law and public policy and it is destroying the nation. **No, it is destroying all of the West.**

As Christians we are not to be marked by a lack of interest when there is evil in the land. We should not be marked by no special liking for or dislike of something. We should hate what He hates, and love what He loves. As Christians, we are not to be neutral; we are not to be unconcerned; feeling no interest or care. We are not to be neutral as to good or evil.

Indifference is destroying society. Faithfulness to Christ is the cure.
